Have you had any of the following symptoms in the past 14 days that you cannot attribute to another health condition?

- Fever or Chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

If you answered “yes” to any of the above, you may be positive for COVID-19. You may not enter and you should return home, self-isolate, and contact your health care provider or get tested for COVID-19.

The following are emergency warning signs for COVID-19. If you have any of the following symptoms, seek emergency medical care immediately:

- Trouble Breathing
- Persistent Chest Pain or Pressure
- New Confusion
- Inability to Wake or Stay Awake
- Bluish Lips or Face
