

COMBATING ANTISEMITISM

With the rise in antisemitism affecting all of us, new solutions are needed to help fight this scourge. AEPi is challenging its chapters to create fun and innovative programs that they believe will help combat antisemitism. These programs can either educate Brothers about antisemitism and/or build relationships with non-Jewish organizations. You can receive a grant from the AEPi Foundation for up to **\$250** for this event.
