

Dear Brothers,

This February was a great month for the Pi Chapter. We are happy to share some highlights from this past month with you in the second edition of our newsletter. Stay tuned for more updates in the future!

Our brothers enjoying their time studying abroad

Highlights

- Our annual brotherhood pong tournament was once again, very successful
- The brother participated in a Challah Bake on Valentine's Day for Jewish families in need
- The AEPi Basketball league is back and better than ever with more teams, more fun, and more drama
- The brothers haven't stopped celebrating the hiring of Coach Fickell. There's a lot to look forward to in the best college town in the country!

Winter is always an enjoyable time in Madison

Looking Forward

- Fri. March 24th: AEPi Shabbat Dinner
- March 25th: Dance Marathon
- Weekend of April 1st: Mom's Weekend
- April 15th: Life Is Great!!!
- April 22nd: Formal in Chicago

Dollar Beer Night is always a good time!

Brother Spotlight

Brother Julien Chandler '26 has enjoyed his time being a manager for the men's basketball team. Chandler said, "It's been fun so far being involved with the basketball culture of the school, getting to know the guys on this team has been a great experience for me and helped me get comfortable on campus as a freshman."

LIFE IS GREAT

We are currently in the heat of our fundraising period for Center For Healthy Minds, a non-profit, UW-Madison-founded research institute research and promoting mental health. We kindly ask for your donations to help us reach our goal of 50k. Mental health is a rapidly-growing, overwhelming health concern for people of all ages and demographics, but the most at-risk are those ranging from 18-25 years old (NIMH). The brothers of the Pi Chapter are happy to be part of a charity fundraiser that is addressing a concern extremely relevant to them. We all either experience or know someone who has experienced mental illness and understand how detrimental it truly can be. Help us be on the right side of this charge to change the narrative around mental health and personal well-being.
